EDUCATION

Fordham University **Bronx, New York**
Bachelor of Science, Computer Science Expected May 2027
Relevant Coursework: Data Structures and Algorithms, Database Systems, Internet and Web Programming, Machine Learning and Data Mining

TECHNICAL SKILLS

Languages: C++, SQL, HTML/CSS, JavaScript, Python, Java, PHP
Tools & Concepts: Git/Github, VS Code, Database Management, Blockchain Architecture
AI & Content Tools: Claude Code, Blender (3D Modeling & Animation), Articulate Storyline, LearnWorlds

EXPERIENCE

Wellsite LMS **New York, NY**
Business & Technology Intern June 2026 – Present
- Developed interactive training modules for wellsite operators using Articulate Storyline, translating technical procedures into engaging, scenario-based e-learning content. Created 3D visual assets and animations in Blender to illustrate equipment operation and safety procedures for operator training materials. Leveraged Claude Code to accelerate content development workflows, automating repetitive tasks in module building and content formatting.

Fordham University **Bronx, NY**
Tutor Present
- Mentoring undergraduate students in core Computer Science concepts, specifically Data Structures, Algorithms, and Object-Oriented Programming. Translating complex technical logic into understandable explanations, helping students debug code and improve problem-solving methodologies. Tutoring elementary school students in all subjects and providing homework assistance.

Johns Hopkins University **Baltimore, MD**
Blockchain Research Intern June 2021 – May 2022
- Partnered with a research team to analyze the presence of ransomware within the Bitcoin blockchain ecosystem. Developed custom Python scripts to organize and store large datasets of transaction history, improving data retrieval speed. Conducted statistical analysis on Bitcoin transactions to identify illicit payment patterns. Wrote and presented a research paper summarizing findings.

Tropicool Italian Ice **Baltimore, MD**
Assistant Manager Summers 2022 – 2025
- Trained employees and led daily shop operations in the manager's absence, overseeing staff, inventory, and customer service. Maintained smooth operations during busy, high-pressure shifts while handling customer needs, payment processing, and opening and closing procedures.

LEADERSHIP AND EXTRACURRICULAR

- Selected Participant – The AI Summit New York Hackathon | December, 2025 | New York, NY
    - Selected to compete in a highly competitive hackathon sponsored by Dell and NVIDIA
    - Gained exposure to enterprise-level AI tools and rapid prototyping methodologies
- Treasurer – Women's Club Squash Team | Fordham University
- Member – Girls Who Code | Fordham University
- Silver Award – Girl Scouts of Central Maryland | 2011 - 2023
